- Outdoor rated

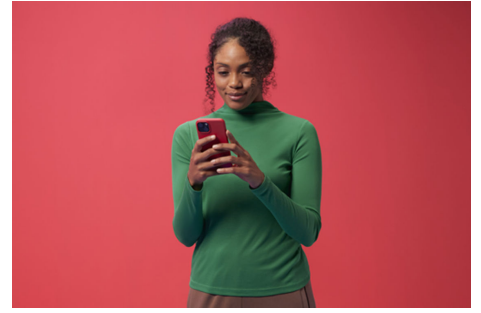

Instant setup for all your smart lighting

Access all smart features instantly, simply by connecting your new lights to your existing Wi-Fi. You can control lights when you're away from home and set schedules to turn them on and off automatically. All without needing to install additional hardware. Keep the controller within Wi-Fi range, and all linked lights will be fully controllable even out of Wi-Fi range.

Matter Certified

This product is Matter certified. You can set it up and control it with your preferred smart home platform and make it work seamlessly with other Matter Certified devices.

Always feel safe and secure with automated outdoor lights

Schedule your outdoor lights to turn on every day before you get home, so that you can clearly see your environment and feel safe. Set your lights to turn off automatically in the morning, or when they are not necessary, and save energy.

Beautify your garden with millions of colors & dynamic modes

Choose from millions of light colors, from energizing cool white to soft warm white and create the best ambience for your outdoor activities. Or simply apply a preset dynamic light mode, like Ocean, Forest or Party to create an amazing atmosphere and lift the mood.

Low-voltage technology and easy installation

Designed for outdoor enjoyment! No complicated wiring or special installation required—just plug it in and go. If you want to change the light's location, just unscrew the adapter and move it somewhere else.

Set a different color for each spot and amplify the mood

Let the play of dynamic light modes amplify the mood. Easily set each spot to shine a different color. Mix and match millions of light colors or a variety of light modes to create a unique light effect that fits your style.
