

Date Prepared December, 2014

Identification of the product

Product Name: Pergo vinyl floorings

Description: Semi-rigid floor covering made from heterogeneous PVC.
The upper layer is a decorative layer of imitation wood, covered with a layer of transparent PVC and a PU varnish finish ensuring wear resistance. The core is made of PVC reinforced with fibreglass. The balancing layer is also made from semi-rigid PVC.

Hazards identification

Hazard description: No particular hazard for persons and the environment known.

Hazardous Ingredients

None

First-aid measures

After Inhalation: No risk in normal usage. In fire situations, remove affected person to fresh air and seek medical attention.
After skin contact: No risk in normal usage.
After eye contact: No risk in normal usage.
After swallowing: No risk in normal usage.

Fire-fighting measures

Fire Extinguishing Media: Water, foam, Carbon Dioxide, dry powder

Special firefighting procedures: Carbon monoxide and Hydrogen chloride (HCl) is produced when product burns.

Protective equipment: Use self-contained breathing apparatus

Accidental release measures

Person-related safety precautions: Not applicable

Measures for environmental protection: Not applicable

Measures for cleaning/collecting: Not applicable

Handling and storage

General: no special measures required, but store in a clean dry area.

Handling: normal safe handling practices must be used.

Exposure controls / Personal protection

Personal Protective Equipment: not necessary

Physical and chemical characteristics

Physical state: Solid flexible floor covering.

Appearance: Varies by Species and decor number

Melting point: Softening point approx. 80°C

Solubility: Insoluble in water or conventional solvents

Density: 1700-2000 kg/m³

Odour: Low odour

Flash Point: N/A

Danger of explosion: N/A

Stability and reactivity:

Thermal decomposition:

Hazardous reactions:

Dangerous decomposition products:

Function of the exposure time and temperature

No hazardous reactions

The thermal decomposition of the product releases hydrochloric gas

Toxicological information

General: no harmful effects are known

Ecological information

Product is very slowly bio-degradable

Bio-accumulation: very slow potential

Disposal considerations

Product: Incinerate or landfill in accordance with local, state and federal regulations.

Packaging: Packaging should be subjected to waste management schemes (recovery recycling) in accordance to local and national legislation.

Transport information

This product is not classified as dangerous for transport.

Regulatory information

Classification: not classified

Risk Phrases: not applicable

Safety Phrases: not applicable
